Hushed Casket

**Hushed Casket**

I do Not Own HAlo as I am Not Bungie, Microsoft, or any certified gam design employee, this was made purely for recreational purposes.

Call forth Thor's champion from his rest.

Tribute to sanctum where all else lies ash.

Peace in his domain for decades lasts.

Disrupted only by events untold,

witnessed only by the universe as it unfolds.

III

Circumvent to apocalypse of hellions of old.

He stormed the cradles of man's enemies,

their peace withhold.

Now he sleeps for eternity awaiting his call,

man has need for warriors untold.

No pain, no remorse, nor sorrow in his hold.

III

He slept in harmony and received his call.

Man has enemies and needs his skills further,

his enemy it falls.

Left into his entity erased all-held.

Frozen for eternity until the words reveille.

Awake the Hushed Casket, and his enemies he fells.

End
file.
